

Coach Derrick Goettel

Chili Strikers girls 2007 Travel Soccer Club

It is my pleasure to introduce myself as the Head coach of the CSA, Chili Strikers girls travel soccer club. I grew up in the Rochester area attending Rush Henrietta high school. In my school years I tried a variety of sports including football, lacrosse, and golf. I continue to love the challenge of golf and look to play as often as life allows. I have a Masters degree from Liberty University, I work in the community as a Sheriff's Deputy, and love giving back to my community as a local church youth leader and soccer coach.

I have been coaching the Chili Strikers for 3 years now along with my assistant coaches, Beth and Meredith who both played soccer in high school and college. I feel in love with the game of soccer much later in life. Watching my 3 daughters learn and play the sport in the CSA soccer program has given me a passion to learn and teach the game of soccer. As a coach I focus on 3 main goals, skills development, building confidence, and having fun. As a coaching staff we are able to accomplish all three of these goals while remaining a highly competitive/championship contending, RDYSL Division 1 team. Team building and team bonding will remain a strong commitment for this team. Additionally, we will focus on respect, communication, leadership, and developing a team first attitude. It is my hope that any player coming through this program will develop skills and friendships that will last a lifetime and help them along their individual path to success.

The Chili Strikers are an amazing group of young ladies from all over the chili area, outsiders are welcome. We have players who attend Churchville Chili, Gates Chili, Wheatland Chili, and Aquinas. Our goal as a team is to practice twice a week, play in 3-4 summer tournaments (1 out of state tournament) in addition to playing our RDYSL league games.
